Forgetting Eduroam on Windows
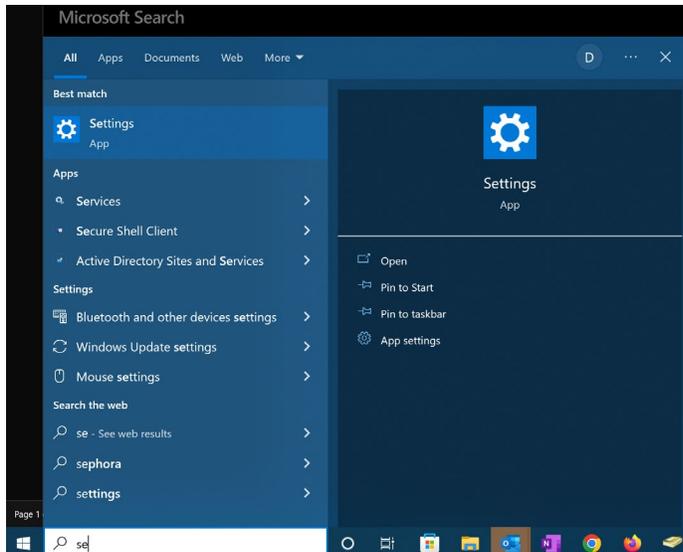

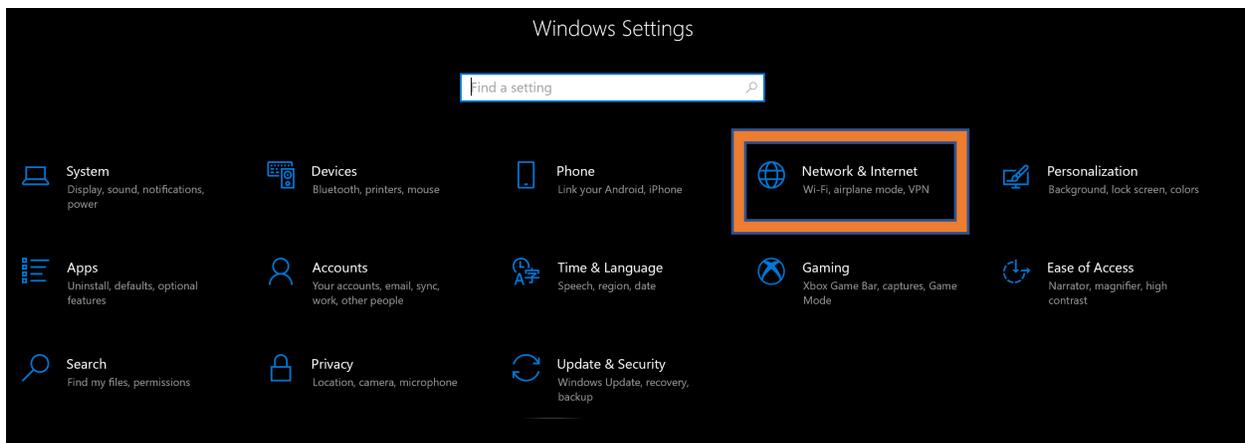

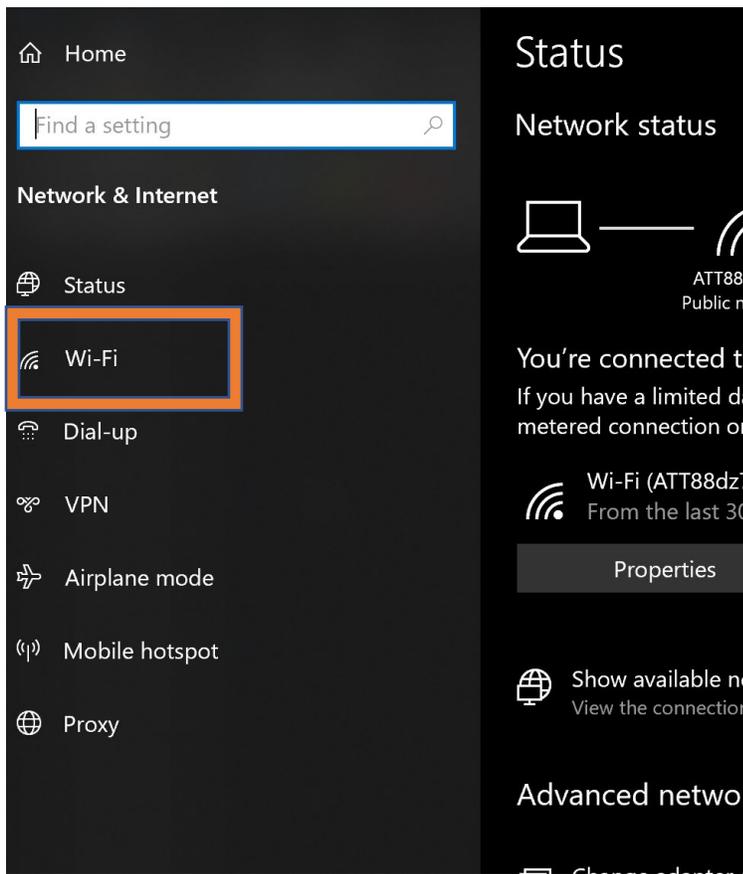

- Open settings

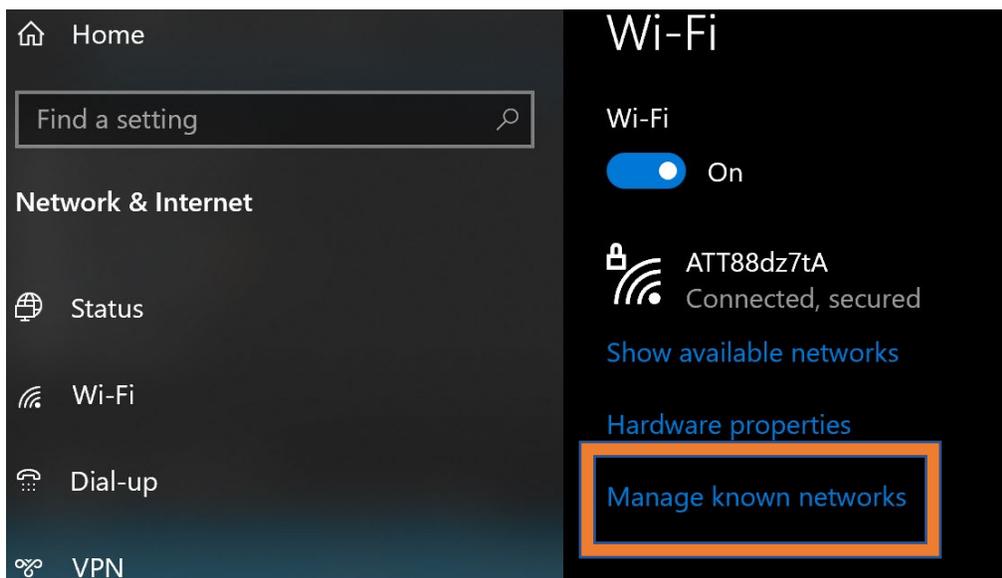

- Go to Network & Internet
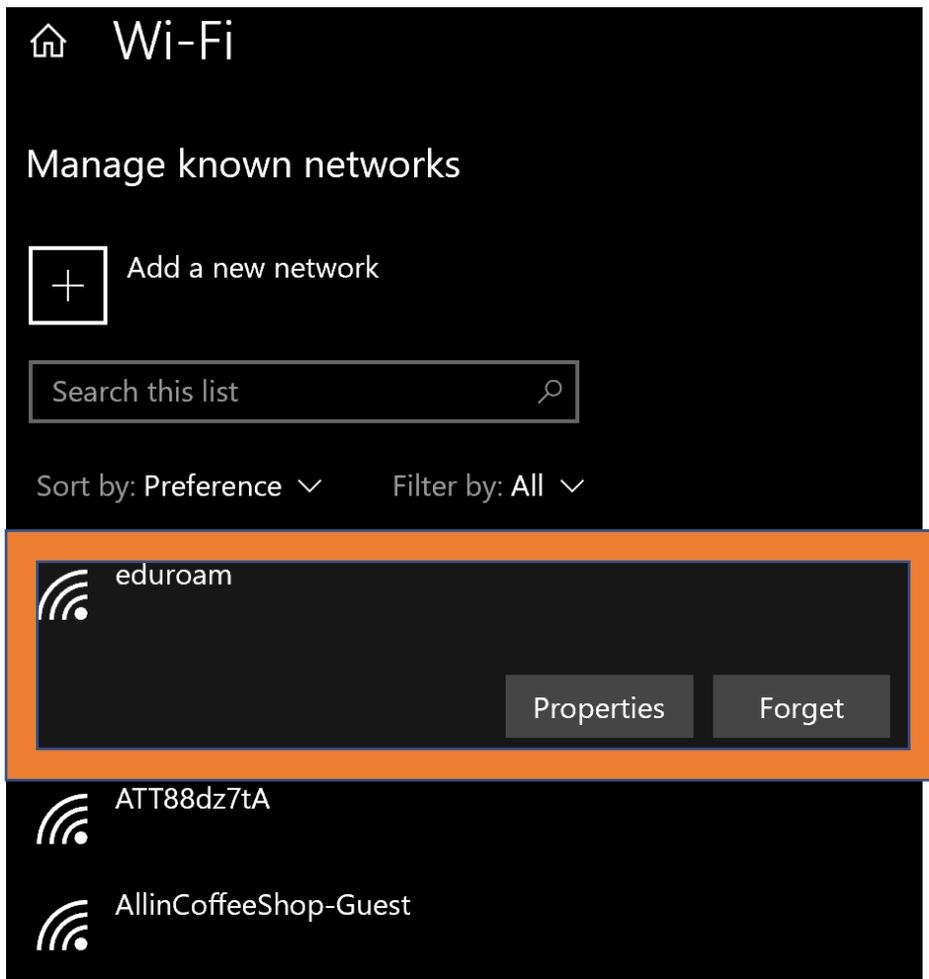

- Click WIFI

- Click Manage known networks

- Find Eduroam, left-click to expand and click Forget

⌂ Wi-Fi

Manage known networks

⊞ Add a new network

Search this list 🔍

Sort by: **Preference** ∨   Filter by: **All** ∨

📶 eduroam

                                         Properties   Forget

📶 ATT88dz7tA

📶 AllinCoffeeShop-Guest

You can now connect to eduroam as you would normally connect to any network.

Be sure to authenticate using your Clemson email address (*user*@clemson.edu) & university password.
